

A new middle school competition (virtual) focused on the importance of pollinators...Trumbull SWCD Pollinator Pursuit – Where Would We BEE Without Pollinators?

Weeks 1 -4 – February 1st – February 26th

Register students as a team or as individuals; Access Resources on pollinator topics on Trumbull SWCD's Website

If students are not able to work together as a team due to COVID-19 protocols or if you do not have enough students to form a team, please register the students as individual competitors (do not put a team name on the registration form).

Weeks 5 & 6 – March 1st – March 12th

Receive links to videos and/or presentations for the pollinator topics: birds, bees, butterflies, & other insects, bats, pollination, and habitat.

Optional: Schedule a training session with your local conservation district staff

Week 5 – Pollinator Pursuit Competition

Receive access to the tests on Monday, March 15th; teams and individual competitors have until Friday, March 19th to complete them and submit them/return them to Amy Reeher, Trumbull SWCD

WINNERS ANNOUNCED ON MONDAY, MARCH 22nd.
